

Housing Santa Cruz County

*Our community thrives when all of our community members
have access to safe, stable, affordable homes.*

April 2021

Housing Santa Cruz County (HSCC) is a broad-based coalition of organizations and community members dedicated to making Santa Cruz County affordable to all. Together, our coalition is building a leadership and organizational structure needed to align the political and community will necessary to create the housing, particularly affordable housing, that Santa Cruz County needs to grow and thrive.

Housing Santa Cruz County

Steps Up Advocacy Efforts

HSCC will begin taking positions on key affordable housing issues and policies targeting our most vulnerable residents and working families and individuals who are below the County's median income. Projects must be located in Santa Cruz County and policy proposals must have a direct link to affordable housing creation or preservation for residents and workers in Santa Cruz County. HSCC may also advocate for mixed use projects that include more than the minimum requirement for low-income units and projects that will help jurisdictions meet RHNA allocations for below market rate housing.

HSCC has a particular interest in the following:

- 100% affordable projects for extremely low, very low, low and moderate-income households.
- Projects focused on vulnerable populations such as seniors, farmworkers, persons with disabilities and individuals exiting homelessness
- Efforts that increase the amount of funding for new housing units for low, very low and extremely low-income households
- Workforce housing projects with some affordability and local preference requirements
- Projects that take maximum advantage of job centers and transportation corridors

If you or your organization is interested in submitting a request for support or endorsement, the form to complete as well as our timeline for processing requests can be found on our website. Please carefully review the principles and criteria that will guide our decisions before submitting a request.

First Endorsements & Project Support!

This bill would lower the threshold for passing bonds (housing and infrastructure) from 66% to 55%, similar to school bonds. HSCC endorses this critically important bill as it will help us secure more funding for affordable housing. With passage in the State Legislature it would be placed on a statewide ballot for voter approval. Contact: a04.asmdc.org

AB 1401 (Friedman)

This bill in the state legislature would reduce parking requirements for projects on transportation corridors. HSCC endorses AB 1401 because reducing parking requirements could significantly reduce the cost of producing affordable housing units. Contact: a43.asmdc.org

These important bills need **Your support!**

Cedar Street Affordable Housing Project

HSCC supports the Pacific Union Partners' downtown Santa Cruz project. The 65-unit 100% affordable rental project will serve very low and low- income residents, some homeless veterans, and supportive housing tenants. This project does not reach the maximum allowed density. Because appropriate sites for housing are few and the need for affordable housing is great, we encourage the developer to consider options that would increase the density and the number of rental units.

Full text of the Endorsements will be posted to the HSCC website.

Housing Element Progress Reports

How Do We Measure Up?

The Housing Element (HE) is a required part of a jurisdiction's General Plan that addresses how the housing needs for its residents will be met. The Regional Housing Needs Allocation

(RHNA) in the HE quantifies the housing needs by income levels for a specified planning period. The current HE covers the period of time from 2015- 2023. State law requires all jurisdictions to provide a HE annual progress report on efforts to achieve Regional Housing Needs Allocation (RHNA) goals. Here's how our local jurisdictions measured up!

(The units to date below cover the period of time from 2015 through 2020.)

Affordable Housing Month Membership Drive

Join Our Dynamic, Growing Organization

In just two short months since HSCC's official launch in February here's what we've accomplished:

- We've made our first policy and project endorsements that are pieces of the big mosaic of solutions for families, workers, and vulnerable individuals in need of housing,
- We've activated Facebook, Instagram and Twitter gaining new followers and growing our influence and impact every day,
- We've formed a governing board that represents the diversity of our communities,
- We have taken on the coordination of Affordable Housing Month to bring community members into the conversation about affordable housing solutions and offering many opportunities to engage and learn and advocate,
- We've almost finished building an information and advocacy system to allow every one to follow key housing projects and issues and to mobilize community support at key moments in the decision-making process.
- We've gained a membership of more than **75 individuals and 35 organizations** that are committed to equitable housing solutions!

For Affordable Housing Month we've set a goal to grow our membership

by 40 individuals and 10 organizations!

If you believe that all community members should have access to safe, stable, affordable homes, become a member and join our advocacy efforts.

The more voices we have the stronger we will become!
